

# Resumé

## Personal Information

**Name :** Kourdouklas Apostolos  
**Residence :** Farsala, Larisa, Greece  
**Mobile Number :** +30 6980408243  
**E-mail :** [tolaso@tolaso.com.gr](mailto:tolaso@tolaso.com.gr)  
**Nationality :** Greek  
**Date of Birth :** September 17, 1994

## About me

I was born in Larisa in September 17, 1994 and I have spent my entire life in Greece. Although my real name is Apostolos my friends call me Tolaso which is a mix of words ( Tolis + Picaso ). I like traveling to different countries and getting to know new cultures , customs and / or people. I also love listening to music as well as programming in my spare time. Also , chess is one of my many hobbies as well as learning languages.

## Profession

2015 – 2017  
Private tutor  
Instructor of Mathematics for Junior High School

## Education

2005 – 2008 Junior High School of Farsala Graduated with Merit	Thessaloniki , Greece
2009 – 2012 Senior High School of Farsala Graduated with Merit	2014 Attended Mathematical Seminar Veroia , Greece
2013 till now University of Ioannina Department of Mathematics	2015 Attended Mathematical Seminar Kastoria , Greece
2013 Attended Mathematical Seminar	2016 Attended Mathematical Seminar Crete , Greece

## Interests

My main mathematical interests lie in the branch of Analysis and more specifically in Special Functions , Integrals and Series as well as Fourier Analysis. For that cause I have written an **online booklet** consisting only of problems in Analysis which are either theoretical or computational. In a linguistic level I like researching the origin of words of the language I am studying as well as the history of people speaking that particular language.

## Languages

- ◆ Greek ( mothertongue )
- ◆ English ( fluently )
- ◆ German ( a little )
- ◆ Spanish ( basic level )

## Computer Skills

- ◆ PHP , HTML , Java Script (Basic Knowledge)
- ◆  $\LaTeX$ , Word ( Advanced Knowledge )

## Activities

Technology , Open Source , Programming  
Fora , Problem Solving , Music

I am member of different mathematical fora such as **AoPS**, **MSE**, [mathematica.gr](http://mathematica.gr) , [mathimatikoi.org](http://mathimatikoi.org) ( co-administrative role ) etc.

## Websites

I currently maintain the following websites

- ◆ Joy of Mathematics ( [math.tolaso.com.gr](http://math.tolaso.com.gr) )
- ◆  $\LaTeX$  ( [latex.tolaso.com.gr](http://latex.tolaso.com.gr) )
- ◆ Support forum for  $\LaTeX$  ( [latex.tolaso.com.gr/community](http://latex.tolaso.com.gr/community) )

## Further / Future Studies

I am planning to attend a course on linguistics in Edinburgh , Scotland with emphasis on the English Language as well as English literature.
